

POST SIGNAL OFFICE  
FORT HUACHUCA, ARIZONA

15 February 1953

Lieutenant Colonel John Clapper, Jr., Sig C  
Operations & Planning Division  
Office of the Chief Signal Officer  
Washington 25, D.C.

Dear John:

I was in Colonel Dunne's office when you called this morning. Just hearing one side of the conversation wasn't quite enough to be sure but from the answers Colonel Dunne gave you, I feel you have not received the full set of maps and other data I put in the mail on Monday, 9 February.

It appeared one of your questions concerned quarters for officers, enlisted and civilian personnel. I am getting another map of areas 1, 2, 3, 4 and 5 in which the major portion of the quarters are located. This map will look like a rainbow when I finish with it. Perhaps it will give you a clearer picture of what we have here. At least it will be an attempt.

Enclosed are four 8" x 10" photos made at the time of your arrival here. Will you make such disposition as you see fit.

Sincerely,

CHARLES S. BREEDING  
Lt Colonel, Signal Corps
